

Ref. No. Env rel IJEST6

Dated 01 May 2015

Dear Colleagues ,

SUBJECT : Dispatch of International Journal of Applied Environmental Science and Technology (IAEST), Issn : 2321-8223

Let me first express my gratitude towards you for extending all your active support, as without that it would not have been possible for me to bring out the **International Journal Of Applied Environmental Science And Technology** Vol-3- Issue. 1 of the year 2015.

Hope you will be good enough to keep on extending the same so that qualitative improvement can be made after every issue and send another research article for the next issue. The LAST DATE for receiving manuscript is 25th oct 2015, but please do not wait for the LAST DATE. But if your article is ready, please send it immediately as it takes about TWO months time in getting it processed. Soft copy of the present issue is attached herewith for your perusal and with a request to forward the same to your students and colleagues so that they can also submit articles for publication in this journal.

This is for your kind information that the copy of the JOURNAL -Vol-3- Issue. I of the year 2015 has been dispatched to your address by SPEED / REGISTERED Post. On receiving the copy, please do inform us that you have received the copy. A copy of the INVOICE is also enclosed with the journal. If you have already credited the amount of the INVOICE in our Bank, please ignore, if not, you are requested to get the money credited in our Bank. In case if you require extra copies for the CO-AUTHORS, the cost is Rs 500-00 per copy plus Rs. 100 postal charges and the amount can be credited in our bank account and inform us accordingly.

For your information we are to get it cited in the Indian Citation Index and to get the IMPACT FACTOR from NAAS. For citation, the agency requires THREE years uninterrupted publication of the journal and for IMPACT FACTOR .

But the uninterrupted publication of the journal cannot be possible without the active cooperation of all the EDITORS and the AUTHORS of the Journal. Hence I request all OF YOU once again to send at least TWO articles in a year for regular publication of the journal. I believe that just TWO articles per year from your students, colleagues and friends will not be to difficult for you. Once we get the IMPACT FACTOR, then there will be no dearth of papers.

If any of your friend(s) are working in these fields , you are requested to send their name, address, Email I/d and Mob Nos, so that I can send request letter, giving your reference to them for acceptance as one of the member of EDITORIAL BOARD of the journal.
A line of confirmation will be highly appreciated.

Thanking you once more.

With regards

Er. Manisha Verma
